at once a royal secretary a poet and a composer guillaume de machaut was one of the most protean and creative figures of the  
late middle ages rather than focus on a single strand of his remarkable career elizabeth eva leach gives us a book that  
encompasses all aspects of his work illuminating it in a distinctively interdisciplinary light the author provides a  
comprehensive picture of machaut s artistry reviews the documentary evidence about his life charts the different agendas  
pursued by modern scholarly disciplines in their rediscovery and use of specific parts of his output and delineates machaut s  
own poetic and material presentation of his authorial persona leach treats machaut s central poetic themes of hope fortune and  
death integrating the aspect of machaut s multimedia art that differentiates him from his contemporaries treatment of similar

thematic issues music in restoring the centrality of music in machaut's poetics arguing that his words cannot be truly understood or appreciated without the additional layers of meaning created in their musicalization leach makes a compelling argument that musico literary performance occupied a special place in the courts of fourteenth century france

corruption has long been identified as a governance challenge yet it took states until the 1990s to adopt binding agreements combating it while the rapid spread of anti corruption treaties appears to mark a global consensus a closer look reveals that not all regional and international organizations move on similar trajectories this book seeks to explain similarities and differences between international anti corruption agreements in this volume lohaus develops a comprehensive analytical framework to compare international agreements in the areas of prevention criminalization jurisdiction domestic enforcement and international cooperation outcomes range from narrow enforcement cooperation to broad commitments that often lack follow up mechanisms lohaus argues that agreements vary because they are designed to signal anti corruption commitment to different audiences to demonstrate such different approaches to anti corruption he draws on two starkly different cases the organization of american states and the african union contributing to debates on decision making in international organizations this work showcases how global governance is shaped by processes of diffusion that involve state and non state actors the book highlights challenges as well as chances linked to the patchwork of international rules it will be of great interest to students and scholars of ir theory global governance international organizations and regionalism
